**Agenda**

**CDE Technicians' Guide**

Brian Vasina presented the committee with the CDE Technicians' Guide to solicit input regarding the document. The committee determined that more information is needed regarding air disc brakes and what the out of service criteria should be for an air disc brake system. Brian would also like the districts that have alternative fuel buses to please provide him with information on their inspection guidelines.

**Lunch and Vendor Presentation from Clearview Windshield Repair**

Amanda Crissup had to excuse herself at lunchtime and therefore does not have any further notes.
